

**FOR IMMEDIATE RELEASE****NEW SOUTHERN CALIFORNIA SALES ENGINEER  
ADDED TO THE NATIONWIDE BOILER TEAM**

**Fremont, California, April 5, 2019**.....Nationwide Boiler Inc., total solutions provider for rental boilers, new and used boilers, emissions control systems, and controls integration, recently appointed Rich Winfield to the position of Outside Sales Engineer, Southern California Region. Rich's main focus will be to nurture new leads and service previous clientele throughout the region. Rich will also be responsible for continued expansion of the company's presence in Southern California by educating boiler owners on Nationwide Boiler's complete line of products and services, including their proven CataStak™ Selective Catalytic Reduction (SCR) system for ultra-low NOx compliance.

Rich joins Nationwide Boiler with nearly 35 years of experience in the boiler industry, initially working in the field as a boiler combustion control technician. Rich eventually transitioned into a sales position where he has experienced continual growth and success. "This new position will greatly aid Nationwide Boiler's capacity to provide products and services to the many boiler owners throughout the state of California, and specifically in the greater Los Angeles area. His efforts will also enhance our ability to provide superior customer service and support to both current and new customers within the region," stated Western US Business Manager, Jim Lieskovan. With his previous involvement working with end-users throughout California, Rich will bring a wealth of knowledge and experience to the company and their customer base.
