

FOR IMMEDIATE RELEASE**FORTY-THOUSAND DOLLARS RAISED AT
NATIONWIDE BOILER'S 40TH ANNUAL
CHARITY GOLF TOURNAMENT**

Fremont, California, May 20, 2021.....Nationwide Boiler Inc., a leading supplier of temporary and permanent boiler systems worldwide, announced today the results from their 40th Annual Charity Golf Tournament held in Pebble Beach, CA earlier this month. After the postponement of the event last year due to the Coronavirus pandemic, the company was able to coordinate a safe and successful event with about two-thirds of the usual attendance and no in-person banquets. With these factors at play, Nationwide Boiler raised an impressive \$40,000 which will be split and donated to the beneficiaries of this year's tournament: Make-A-Wish® Greater Bay Area and The American Boiler Manufacturers Association (ABMA) Randy Rawson Scholarship Fund.

The two-day event included a practice round of golf at The Links at Spanish Bay, followed by tournament play at the Pebble Beach Golf Links. Funds were raised prior to and throughout the event in the form of hole sponsors and other sponsorship options, competitions including a four-man scramble and two-man best ball, mulligan sales, raffle ticket sales, and for the first time in the history of their event, an online auction. While the loss of in-person banquets caused a loss of multiple revenue streams, the addition of the online auction provided an opportunity for those not in attendance to participate in the auction, or to make a direct donation to the cause.

Consisting of customers, vendors, and boiler industry representatives, the group came together to safely support these two outstanding organizations and continue Nationwide Boiler's forty-year tradition of giving back to the community.

Make-A-Wish® Greater Bay Area is a non-profit organization and one of the largest chapters nationwide. Founded in 1984, the chapter serves seventeen counties in Northern California from Siskiyou to Monterey, granting wishes to fulfill the dreams of children with critical illnesses between the ages of 2½ and 18. The organization has granted more than 8,500 wishes to date and, prior to the pandemic, granted close to 400 wishes per year.

Founded by the American Boiler Manufacturers Association (ABMA), the Randy Rawson Scholarship Fund was created for the promotion of careers in boiler engineering and fabrication. The fund supports post-secondary education and/or technical training for graduating high school students pursuing careers in the commercial, institutional, industrial, or power-generating boiler, combustion, and related equipment industries. Since inception, the ABMA has awarded over \$200,000 in scholarships to eligible students pursuing careers in the industry.

With headquarters in Fremont, CA and sales representatives worldwide, Nationwide Boiler Inc. has supplied temporary and permanent boiler solutions to industrial companies for nearly 55 years. In addition to serving their customer base, the company is committed to supporting the community in various ways, including food and clothing drives, participation in community events, and various donations to charitable organizations throughout each year.
